Objective Experienced React JS Developer with 3+ years in web development, specializing in creating dynamic, responsive, and user-friendly applications. Passionate about leveraging advanced technical skills and staying current with emerging technologies to enhance user experience and contribute to organizational growth through innovative problem-solving.

Skills

- **Programming Languages:** JavaScript, Python, Java, C++
- **Database Technologies:** MarkLogic, MongoDB, SQL
- **Web Development:** React JS, HTML, CSS, Redux
- **Secondary Skills:** TypeScript, .NET, Bootstrap, NodeJS
- **Tools & Platforms:** Postman, GitHub, Bitvise, Linux server commands

Projects

Cric Play Website, Humanity Website, Travel Website (2024)

- Developed responsive web applications using React JS.
- Implemented user-friendly interfaces and robust backend solutions.
- Ensured high performance and scalability.

VR Market App (2024)

- Engineered an e-commerce application by seamlessly integrating frontend (React JS) and backend (Node.js, MarkLogic) technologies.
- Designed dynamic and responsive user interfaces, promoting intuitive navigation.
- Implemented real-time inventory tracking and secure transaction processing.

Charity App (2024)

- Developed a comprehensive charity website using React JS and Node.js.
- Designed intuitive UI for seamless navigation and enhanced user engagement.
- Implemented backend solutions for data management and secure transactions.
- Integrated features like donation tracking, volunteer registration, and event management.

Experience

React JS Developer, CVS Pharmacy ESERVICE for HR and NonHR
Cognizant (2021-2024)

- Managed and delivered 3 Rally Stories, resolving various RCA problems identified by QA teams.
- Facilitated communication between development and QA teams, achieving over 75% defect resolution.
- Worked on fixing module codes and contents across 600+ files.
- Conducted unit testing and artifact documentation.
- Utilized Postman, GitHub, Bitvise, and Linux server commands extensively.
- Delivered 80% of Jira Stories with minimal defects.
- Contributed 20% to project value and facilitated 80% knowledge transfer for new team members.
- Utilized MarkLogic for efficient data management and integrated it with React JS applications.

Education:

Amrita Viswa Vidyapeetham   **2017-2021**

B.Tech
